- ii. Service is installed once Ilicomm provides all of the required equipment in order for the Service to be fully operational for the Customer.
- iii. If Ilicomm fails to meet the CDD for the Service due to a reason within its direct control Ilicomm will apply a reduction to the Customer's Monthly Recurring Fees for the first month of service. The number of Working Days beyond the CDD will determine whether a reduction will be applied. Please see table below for details:

- iii. Latency commitment is applicable to the UK core network connection and to the transatlantic network connection. Please see table below for details:

Connection	Distance covered	Average round-trip Transmission time
